Get started with Microsoft 365 Copilot Chat

Microsoft 365 Copilot Chat events for students

Join us for **Learn Effortlessly – Microsoft 365 Copilot Chat**, a series of sessions designed to help students study smarter by unlocking practical ways to use AI throughout their academic journey.

You will see how Copilot Chat can simplify research, break down complex topics, and boost productivity so you can focus on what matters most.

You will also gain hands-on experience with AI tools, learn effective revision strategies, and explore real examples of how Copilot supports everyday student life - from assignments to career preparation.

The session includes practical demos and examples delivered in English through a Teams Webinar.

Secure your spot to our last session and start learning effortlessly with Microsoft 365 Copilot Chat!
