Colorfront Streaming Server Awarded Trusted Partner Network Gold Logo Certification

Santa Monica, CA and Budapest, Hungary – January 08, 2024 – Colorfront, a leader in high-performance, on-set dailies, and transcoding systems, is proud to announce that the **Colorfront Streaming Server has been awarded the prestigious Trusted Partner Network (TPN) Gold Logo Certification.** This honor is a testament to Colorfront's commitment to the highest standards of security and compliance in the media and entertainment industry.

The TPN Gold Logo Certification, under the governance of the Motion Picture Association (MPA), underscores Colorfront Streaming Server's adherence to stringent content security standards. This recognition comes as an additional accolade to Colorfront's already established reputation, having its reference-quality streaming solutions certified by Hollywood studios for handling unreleased content.

"Ensuring the highest level of security for our clients' content has always been at the core of our philosophy at Colorfront," said **Mark Jaszberenyi, CEO of Colorfront.** *"Being honored with the TPN Gold Logo is a significant milestone that demonstrates our unwavering commitment to upholding rigorous security standards in all our products and services, complementing our existing certifications from major OTTs and Hollywood motion picture studios."*

Achieving the TPN Gold Logo Certification involves a comprehensive review of a company's content security policies and practices, ensuring compliance with the highest industry standards. This prestigious certification offers Colorfront's global clientele further assurance of the robust security measures integrated into the Streaming Server.

This accolade reinforces Colorfront's dedication to excellence in content security, ensuring clients can trust in the integrity and protection of their valuable media assets. Colorfront continues to lead the way in providing secure, high-quality solutions, adapting to the evolving needs of the media and entertainment industry.
