POWERING INNOVATION, CREATING OUR FUTURE

The Singapore Week of Innovation and Technology (SWITCH) stands as Asia's premier innovation and technology festival. Happening from 27–29 October 2026 at Marina Bay Sands, Singapore, SWITCH connects the global innovation ecosystem together to discover breakthrough technologies, exchange ideas, and forge partnerships that unlock new business and innovation opportunities.

For three days, attendees can look forward to four distinctly curated conference stages featuring thought leaders shaping the future of AI, quantum, advanced manufacturing, alongside insights on scaling startups and innovation capabilities, as well as access to capital, talent, and international markets. The Trade & Exhibition Floor will also showcase over 300 innovations from global and Singapore-based startups, corporates and innovation partners. Finally, the 10th edition of SLINGSHOT, Asia's leading deep tech startup pitching competition will feature the Top 50 startups pitching across 5 deep tech domains and the Grand Finals.

Organised by Enterprise Singapore and supported by the National Research Foundation Singapore (NRF) of the Prime Minister's Office, SWITCH 2026 represents a pivotal opportunity to shape the future of technology and global markets through innovation.
