24 ORE EVENTI

Editorial Initiatives 2024

24 ORE Eventi is the **24 ORE Group** company that plans and conducts **events** to meet **customers'** needs and to share the **information resources** of **Il Sole 24 Ore**. The various initiatives originate from **constant internal discussions** with the different **members of the Group**, such as **Editorial** and **Marketing** as well as from ideas and suggestions from the **market** made up of customers, suppliers and possible partners seeking to create joint projects.

Conferences, roadshows and **large events, moderated by 24 ORE Group journalists**, but also **taylor-made** projects conceived and implemented to **meet the needs** of different BTB and BTC targets.

In order to best respond to new market trends in a constantly evolving world, 24 ORE Eventi offers different **formats**: from **full digital initiatives**(**Interactive 24** and **Live Streaming 24**) to in **person events** (**Live Events**), all the way to **hybrid** solutions (**Live&Digital**) where a physical traditional event is combined with a virtual online event.

GENDER EQUALITY

The **24 ORE Group** is the **first Italian publishing group** to have obtained **certification on Gender Equality** pursuant to UNI/PdR 125:2022.

A goal achieved thanks to the strong change of pace in the corporate culture to a more sustainable and inclusive perspective.

This commitment to promoting the values of inclusion and gender equality is confirmed in how the programmes for all our events are assembled.

ROAD TO TRENTO: THE INTERNATIONAL MEETINGS OF THE ECONOMICS FESTIVAL

From February to March

For the second year, the 24 ORE Group is launching, as organiser of the **Trento Economics Festival**, an **integrated project to prepare** for the new edition of the event, scheduled for 23-26 May 2024.

A countdown which includes the "**Road to Trento**" cycle of events. Opportunities for discussion that physically include possible areas of expansion and spaces of international cooperation for businesses and institutions, organised in collaboration with our diplomatic offices around the world.

In fact, the first cycle of meetings was hosted by and organised together with the Italian Embassies in **Switzerland, the United States, the United Arab Emirates** and **South Africa**.

For the 2024 route, new collaborations with Italian representations abroad are being defined. **The first confirmed stop will be Nuova Dehli, London and Berlin will follow.**

The general objective of the initiative is, therefore, to create **spaces for networking between companies, research bodies and institutional representatives**, supporting the visibility of the actors involved in the relationship with the important event in Trento.

PAYMENTS SUMMIT

The future of payments between digital and security

Milan, 4 July

Innovation in the financial field, made possible by **technological innovation**, has long allowed the instant transmission of money without the use of cash.

Now new technologies, from Blockchain to Artificial Intelligence, are revolutionising the **digital payments** landscape, thus creating new business opportunities.

What will the future of Digital Payments be? How will it be possible to combine **innovation and security**?

We will answer these questions during our summit.

3rd SEA ECONOMY

Genoa, 5 July

At the centre of the work of the **third edition** of the **Sea Economy** event by Sole 24 Ore will be the **Mediterranean**, which constitutes an infinite resource for our country, and is taking on an increasingly important role in the economy of all of Europe, including in light of the new geopolitical scenarios.

The maritime industry is a **strategic sector**, both for **shipbuilding** and for services connected to **trade** and **tourism** - just think of the growth in the volume of **cruise ship passengers**.

However, in this context, **fishing** and **aquaculture** also represent a strategic asset for the sea economy: from the protection and enhancement of value of fish products, to the Fishing Credit Fund, without forgetting the **ecological transition** and the need for increasingly **sustainable** management of fishing activities that respect the **biodiversity** of waters and seabeds.

JOB EVOLUTION

Towards Industry 5.0 between new skills and forgotten professions

Milan, 9 October

What will the world of work be like tomorrow? Which of today's professions will develop and which will instead suffer a contraction? What skills will be required?

Automation, artificial intelligence: in the midst of the fourth and now heading towards the fifth industrial revolution finding your way in a rapidly changing world of work is not simple, but not impossible either. In fact, for every job that becomes unnecessary, **new possibilities open up on the horizon.**

The ability to **reinvent oneself**, to constantly **update** one's skills, in a process of **life-long learning** and the **development of new talents** are the keys to **competing in an increasingly digital and globalised world.**

The event aims to **focus on all the elements of this evolution** in order to construct a useful **compass** for all the subjects involved (workers, businesses, HR companies) in the complex and challenging process meant to encourage the encounter between the **supply** and **demand of the work of tomorrow**, starting today.

5th INVESTING IN MILAN

Milan, 6 November

Milan is the city that, in recent years, has been able to attract investments, operators and strong international demand.

The **Investing in Milan** event outlines the picture of the real estate market in the city, to date, but with an eye to the future.

Already in the post-covid era, and in view of the **Milan-Cortina 2026** Olympics, the city of Milan has started a process of **redevelopment** and **regeneration** of the city, in particular of the suburbs.

Where do the **restoration projects** between the historic city and its external municipalities currently stand?

Together we will learn about the steps forward that the city is taking, and the upcoming objectives and challenges. We will analyse how sustainability is changing the real estate market, with Italian and international **real estate** experts present.

AI TRANSITION

Milan, 13 and 14 November

2023 will also be remembered for the definitive **boom** in Italy of the **Artificial Intelligence** market, to the degree that we have now entered the era of implementation as noted by scholars from the Polytechnic University of Milan. Globally, a composite **annual growth rate of 20%** is expected for the next seven years (Globenewswire data).

In the first Il Sole 24 Ore event dedicated entirely to this interdisciplinary science with multiple approaches we will examine all the **advantages** that companies operating in **various sectors of the economy**, not just software, can derive from AI, obviously without overlooking the **risks**, which we will explain how **to defend yourself against**.

We will talk about this with leading experts in the sector, from **scientists** to representatives of **companies producing and using AI**.

2nd WOMEN AT THE TOP

Milan, 20 November

Women, their successes, the present, the future. The second edition of the Sole 24 Ore event, created in collaboration with the Financial Times and the media partnership of Sky Tg24 and dedicated to the celebration of female excellence, returns to Milan with a new event in which the best known and most recognised successful Italian and international women will talk about how to break through the glass ceiling, proposing a **new model of business and society**.

The event will also be the opportunity to present the **WE Awards**.

The Award is meant to tell and hold up great stories of women who have been able to achieve extraordinary results despite a context that is not always favourable. In 2023, **200 nominations were collected** in the four categories: business, open innovation, international and non-profit.
