Particularities of patent protection in Andorra

Although the national law already provides the possibility to extend a European Patent to Andorra, the agreement with the European Patent Organization (EPO) has not yet been ratified. The designation through the Patent Cooperation Treaty (PCT) is therefore also postponed.

The national law no.26/2014 of October 30, 2014 gives provisions regarding a future implementation of the European Patent Convention (EPC) and of the Patent Cooperation Treaty (PCT).
