

GUIDANCE ON SETTING UP A COMPREHENSIVE CANCER CENTRE

IAEA Non-serial Publications

(STI/PUB/2070)

CORRIGENDUM

1. Foreword, third paragraph. The last sentence has been changed as follows: “This guide is a companion to that publication, and complements the IAEA initiative Rays of Hope, launched by the IAEA Director General Rafael Mariano Grossi in 2022.”
2. The Editorial Note has been changed as follows:

“Although great care has been taken to maintain the accuracy of information contained in this publication, neither the IAEA, nor WHO, nor their respective Member States assume any responsibility for consequences which may arise from its use.

This publication does not address questions of responsibility, legal or otherwise, for acts or omissions on the part of any person.

Guidance and recommendations provided here in relation to identified good practices represent expert opinion but are not made on the basis of a consensus of all Member States.

The use of particular designations of countries or territories does not imply any judgement by the IAEA or WHO as to the legal status of such countries or territories, of their authorities and institutions or of the delimitation of their boundaries.

The mention of names of specific companies or products (whether or not indicated as registered) does not imply any intention to infringe proprietary rights, nor should it be construed as an endorsement or recommendation on the part of the IAEA or WHO.

The IAEA, as publisher of this publication, has no responsibility for the persistence or accuracy of URLs for external or third party Internet web sites referred to in this book and does not guarantee that any content on such web sites is, or will remain, accurate or appropriate.”

These corrections have already been made in the PDF of the publication that is available for download.
