

Prince Grand Resort Karuizawa FACTBOOK

A history and culture experienced by numerous prominent figures

On a visit to Karuizawa in 1895, missionary Alexander Croft Shaw was immediately taken with the abundant natural beauty of the area and built Karuizawa's first summer home. Many literary scholars, writers, business magnates, Diet members, and other prominent figures later came to summer retreats amongst the trees to enjoy the tranquility and get away from the hustle and bustle of city life. Karuizawa remains one of Japan's top resort towns, where many continue to fall under its spell.
